### First Year Experience

**Fall 2011**
Are you looking for another class to add to your schedule? Sign up for an INTD 1820 course! These small, discussion-oriented interactive classes are a great experience for first and second year students, and each one is focused on a specific area of interest. Every one-credit INTD seminar is taught by a senior faculty member at UConn, and they are perfect for students looking to explore a major or creative topic that interests them.

For a complete list of INTD 1820 seminars and their descriptions, go to: [web.uconn.edu/fye/index.htm](http://web.uconn.edu/fye/index.htm)

### Summer Session 2011

**Summer Session Courses**
Summer Session classes are offered at the main campus in Storrs, online, and at all five regional campuses throughout the state. Registration is now available for all summer 2011 classes.

- **May Term**: May 9th-27th
- **Summer Session 1**: May 31st-July 8th
- **Intensive Session 1**: June 6th-June 24th
- **Summer Session 2**: July 11th-August 19th
- **Intensive Session 2**: July 18th-August 5th
- **Summer Session 4**: May 31st-August 19th

For payment dates, add/drop dates, and additional information about Summer Session, visit: [summersession.uconn.edu/summer](http://summersession.uconn.edu/summer)

### Enrichment Programs

**Thesis Workshop**
Fri, April 8th, 3pm, CUE 134
The Honors thesis can seem like a daunting task. Attend this workshop to get all your questions answered on how to begin and complete your Honors thesis.

For more information regarding this event, contact Devin Ogotzner at: [honors@events@uconn.edu](mailto:honors@events@uconn.edu).

**The 2011 John and Valerie Rowe Lecture**
Tues, April 12th, 7pm, SU Theater
This year’s John and Valerie Rowe Lecture, “Healthcare Reform and the Future of Medical Education,” will be given by Dr. Steven L. Strongwater, M.D., Chief Executive Officer of Stonybrook University Medical Center. This event is sponsored by the Honors Program and the Health Center.

Please contact Jaclyn Calovine at [jaclyn.calovine@uconn.edu](mailto:jaclyn.calovine@uconn.edu) with any questions.

Other information about events at the CUE building can be found at [cue.uconn.edu](http://cue.uconn.edu)

If you would like to include information in the “This Week at the CUE” about events, information sessions or workshops taking place in the CUE, please send an email to [cueinfo@uconn.edu](mailto:cueinfo@uconn.edu). Information is needed at least one week in advance.
The Quantitative Learning Center (Q Center) is a resource for students taking quantitative intensive courses (Q) across the undergraduate curriculum. The Q Center is designed to support in-class learning and instruction by providing assistance to students via free drop-in peer tutoring, review sessions, and the creation of innovative learning tools. We assist Q faculty to incorporate best practices in their teaching, and serve as a clearinghouse for information about Q resources and discussion of Q issues within the university.

As a reminder, the Q Center is located on first floor of the Homer Babbidge Library, our hours of tutoring operations are Monday through Thursday, 11am to 10pm and Sundays, 1pm to 10pm, and we offer tutoring for:

MATH 1011 - 1152  
STAT 1000, 1100  
PHYS 1010 - 1602  
CHEM 1124 - 1128
