**Honors Program**

**University Scholar Information Session**

Mon, April 25th, 12pm, CUE 134

The University Scholar Program is one of the most prestigious programs for undergraduates at the University of Connecticut. This highly-selective program offers motivated and academically-talented students the flexibility to craft individualized plans of study during their last three semesters. Students can apply during the first semester of their junior year.

For application materials and more information about the University Scholar Program, go to: [us.uconn.edu](http://us.uconn.edu)

**May 2011 Graduation Deadlines**

Honors Thesis and University Scholar Projects are due in hard copy in the Honors Office with signed approval forms by April 29, 2011. Check with your advisor for earlier deadlines for draft and final copies.

For more information, visit [honors.uconn.edu](http://honors.uconn.edu).

Other information about events at the CUE building can be found at [cue.uconn.edu](http://cue.uconn.edu)

If you would like to include information in the “This Week at the CUE” about events, information sessions or workshops taking place in the CUE, please send an email to [cueinfo@uconn.edu](mailto:cueinfo@uconn.edu). Information is needed at least one week in advance.
The Quantitative Learning Center (Q Center) is a resource for students taking quantitative intensive courses (Q) across the undergraduate curriculum. The Q Center is designed to support in-class learning and instruction by providing assistance to students via free drop-in peer tutoring, review sessions, and the creation of innovative learning tools. We assist Q faculty to incorporate best practices in their teaching, and serve as a clearinghouse for information about Q resources and discussion of Q issues within the university.

As a reminder, the Q Center is located on first floor of the Homer Babbidge Library, our hours of tutoring operations are Monday through Thursday, 11am to 10pm and Sundays, 1pm to 10pm, and we offer tutoring for:

- MATH 1011 - 1152
- STAT 1000, 1100
- PHYS 1010 - 1602
- CHEM 1124 - 1128
